NOW DEPARTING

The Show

Now Departing is an outdoor acrobatic show that tells eclectic short stories from the carriage of a train. In a specially designed acrobatic train compartment, the actors perform incredible physical feats, as each station they stop becomes a new reality. The train perpetually creates stranger and stranger stories for the characters as they are driven head-first into realms of limitless possibilities and perpetual surprise.

The use of public transport as the setting for this madness, asks people to fall back in love with shared transport and sustainable travel. The show is heart-warming, hilarious and brimming with heart-stopping, acrobatic prowess.

LET'S CONNECT

The show wishes to inspire a sense of wonderment and celebration in the collaborative act of sharing a common space.

By re-imagining the everyday environment of the train carriage, we hope to encourage people to not only utilize public transport more often but to also relish the unique bonding experience of travelling at high speeds with a group of perfect strangers in a secluded metal compartment.
